I still believe you, after all this time you have left me alone. I am waiting for you. I am waiting for a miracle. You left my house more than 10 years ago and I still believe you will return. I mean my heart still loves you so I don't know how to tell it that it's wrong. You were my complement, my confident, my destiny, my reality: you were all in my life (in fact, you still are). What I really what is to have the chance to see you again, to see your small eyes, your soft hand, to breathe your same air, to feel your presence, I just wanna be with you the rest of my life.
